Our Story

Founded in 2000 by Tim Hewson and Henry Raud, former colleagues at a large tech company, LegalWills has become Canada's leading online estate planning service. Henry, Tim and a group of colleagues had a tradition of Friday after-work drinks. One Friday, the topic of Wills came up when a colleague mentioned that they knew they needed a Will, but didn't have one. It turned out that not one person out of the 15 around the table had a Will. They were a mixed group; some had children, some owned a house, some were married, but what they all had in common was that they all had decent jobs and all knew they needed a Will, yet not one of them had one. It seemed like a broken system, and this got Henry and Tim's wheels turning. They started meeting with a number of lawyers to see if there was potential for a more convenient, affordable solution, and LegalWills was born. Our first Will service went online in 2001, and the service has been expanded and improved every year for the last 20 years.

About Us

With offices in Canada, the United States and the United Kingdom, LegalWills allows people to create common legal documents in a very easy, convenient, private, secure and cost-effective manner, without the need to pay the high expenses of a lawyer.

We work with local attorneys to develop online legal services that are of the highest quality and in accordance with the laws of the customer's local jurisdiction. We go far beyond any do-it-yourself kit or online repository of legal forms and documents. If you wish, all of your legal documents can be stored and maintained by you online, in a completely private and secure manner. This will ensure that you can keep it updated to reflect any changes in your financial or family situation.

Partnership Opportunities

OPTION ONE Link Service

Simply refer your clients to LegalWills.ca.

HOW DOES IT WORK

You just need a banner link from our team and you are ready to go! All ongoing support is handled by LegalWills.ca at no cost.

BEHIND THE SCENES

We'll be hard at work creating a custom landing page where your clients will create their Will and accompanying documents after clicking the link you provided. For every sale, you earn a commission.

LIKE-MINDED ORGANIZATIONS

H&R Block, Big Brothers & Sisters, Ontario Teachers Union, and the Canadian Diabetes Association (...and many more).

OPTION TWO Embed Service

Our white label 'embed service' allows you to completely integrate the LegalWills.ca experience onto your website.

HOW DOES IT WORK

We will provide you with a code snippet to insert in the backend of your website. That's it!

BEHIND THE SCENES

Orders and emails will be processed by LegalWills.ca. Once the initial set-up is complete, we will take care of each and every transaction.

LIKE-MINDED ORGANIZATIONS

Toronto Humane Society, as well as several insurance brokers, financial advisors and charity organizations.

OPTION THREE API Service

Functions like the embed service, except all LegalWills branding will be removed and the service can be branded as your own.

HOW DOES IT WORK

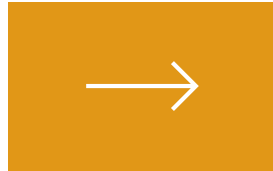

Orders are processed, pricing is established and emails are generated by the partner. Services are purchased by the partner directly from LegalWills.ca. This allows partners to offer their own estate planning service directly from their website and determine their own pricing.

BEHIND THE SCENES

This option requires a slightly more technical implementation. Our company would work more closely with yours to set up the API service. As always, we will be committed to a successful and convenient delivery.

Partnership Opportunities

Commissions & Discounts

With Option 1 & 2, you can earn commissions and offer discounts on any of our services.

As a partner, you will receive 30% of each sale; you can choose how to distribute this between your discount offered and your commissions earned.

I.e. For example, a partner could offer a 10% discount and then earn a 20% commission (on each sale). In another example, you could choose to put the full 30% towards your commission.

What Will Partnership Cost?

LegalWills.ca handles all associated costs. We incur all legal, licensing, insurance, infrastructure, customer service and product development costs.

Interested in offering free Wills for your clients?

LegalWills can create unique activation codes to be distributed to your clients offer a discount or even free services. You will then be periodically invoiced for the activation codes that have been redeemed (not every code that has been generated). If a code is generated and distributed, but not used, you don't pay.

What Our Clients Are Saying...

Facebook Review

Writing your will is never an easy to do and something most people like myself procrastinate to do. I purchased LegalWills Package on and off with TurboTax. It was the best purchase I have made. It provided detailed step by step instructions and options. I could edit at anytime. It had my funeral decisions and messages included. I am at peace knowing all my wishes are documented.

With the pandemic and being front line health care workers, my wife and I needed to redo our Wills. We had so many changes, I decided to explore doing them from scratch online and discovered Canadian Legal Wills. In a nutshell, I couldn't be happier with the experience. Convenient, easy, supportive and very cost efficient. Talia was a tremendous resource and I would highly recommend this service to anyone needing to take care of their estate. Thanks for the peace of mind!
